AV & Computer Co-op

The IEC AV & Computer Co-op provides aggressive pricing, product research and eliminates the need for a customer bid process. The online and PDF catalog includes over 2,000 items with free shipping for orders over \$25. Find everything you need, from digital cameras, USB flash drives, network equipment and whiteboard technology to furniture, projectors and so much more!

Discounted pricing is available for customers in Iowa, Illinois, Minnesota, Wisconsin and South Dakota.

K-12 schools • Colleges and Universities • Public Libraries • City, County, State Government

NEW 2010!

AVRover

AVRover systems were designed specifically for today's classrooms and conference rooms. An AVRover combines the reliability, security and functionality of a ceiling mounted projector installation, with the advantages, flexibility and low cost of a portable system. All AVRover systems are built in sleek-looking powder-coated, scratch-resistant steel consoles (not painted sheet metal) with tamper-resistant fasteners and excellent ventilation.

Using an AVRover is as easy as moving it into place, plugging it in and turning it on. There are no doors to open, no shelves to deploy, and no need to find the remote control since all controls are easily accessible. An AVRover is always secure, even while in use.

Pexagon USB Flash Drives

Pexagon Technology, Inc. offers laser engraved USB flash drives at a discount and include two lines of engraving free! Flash drives are available in 14 colors and 512 MB to 16 GB capacities. Pexagon flash drives also come with a lifetime warranty.

Clients may send Pexagon up to 1MB of digital information that can be downloaded onto each USB flash drive purchased. This will help distribute important information to all staff or students and also help to eliminate paper waste.

Fundraising options are available. Pexagon fundraisers are fun and easy to participate in.
