

Complete Security, Fire & Parking Controls

Baker Group understands how important it is for you to give your employees and building occupants a secure environment. This is why we design and install integrated technology solutions for building automation, parking, security, and fire. Consistent with a proven commitment to researching and learning the latest products and systems, it is the goal of all of our system engineers, designers and technicians to focus on meeting and exceeding your expectations.

The following is just a sample of what we can do for you:

- Security Management Systems (SMS)
- Access Control
- Biometrics / Smart Card
- Visitor Management
- Data Center Security
- Network Logical Access
- Closed Circuit TV / Network Video
- MegaPixel Camera's and Storage
- Wire Free and Wireless Options
- Video Badging
- Burglar Alarm Systems
- Revolving Doors
- Optical Lanes
- Parking Gate Control & Revenue Generation
- Fire Alarm Installation & Service

Card Access Dealer for:

CCTV Dealer for:

Fire Systems Distributor for:

Parking Gate Controls Distributor for:

Wirefree/Wireless Lock and Key System Distributor for:

Burglary Alarm Systems Dealer for:

Portfolio

Baker Group Services

Facility Management & Operations:

Call Center Operations
Facility Vendor Management
Audio-Visual Conference Services
Lease Administration
Workplace Design & Planning
Construction Management
Move Coordination Services
Client Account Management
Financial Reporting
Building Operations Staffing
Computerized Maintenance Management
Scheduled Preventive Maintenance
Flat Fee Comprehensive Service Program
Facility Improvement Master Planning

Mechanical Capabilities:

Boiler Installation & Service
Chiller / Cooling Tower Installation & Service
Autoclave Installation & Repairs
Power House Piping
Process Piping
Stainless Steel Piping
Medical Gas Piping
Underground Piping and Utility
Hydraulic Systems
Water Conditioning
Plumbing Systems
HVAC Systems
Refrigeration
Compressed Air Systems
Computerized Plasma Pipe Cutter

Sheet Metal Capabilities:

Specialty Metal Fabrication
Heating, Cooling & Ventilation
Architectural Sheet Metal
Dust Collection / Filtration Systems
Kitchen & Food Prep Surfaces
Product Conveying
Custom Machine Guards
Smoke Stacks and Boiler Stacks
Combustion Air Systems
Generator Exhaust
Damper Installation & Repair
AutoCAD Connected 20' Plasma Table
AutoCAD Connected Duct Machine

Building IT: Comfort, Efficiency & Safety

Specialized Turnkey Systems Integration:
- Industrial PLC/HVAC/Security/Fire/Energy
Digital Temperature Control System
PLC Installation & Programming
Variable Speed Drives
Pneumatic Control Systems
Lighting Upgrade & Control
Real-time Energy Monitoring & Control
Refrigerant Monitoring – Leak Reporting
Internet Based Monitoring & Control Systems
Closed Circuit TV & Digital Video Recording
Card Access / Biometric Systems
Network IP Addressable Hardware
Photo ID Badging Systems
Vendor / Visitor Activity Tracking
Parking Revenue Equipment
Burglary Systems with Wireless Options
Fire Alarm System Design, Install, Service & Inspections

Engineering Services:

Design / Build Mechanical Engineering
AutoCAD 3-D Design & Documentation
Building Information Modeling (BIM)
USGBC LEED® – Accredited Professionals
Specialized Regulatory Commissioning
Energy Use Analysis – Performance Contracting
Indoor Air Quality Analysis
Air Balancing – Active Pressurization Control
Hydronic Balancing / Flow Calibrations
Refrigerant Management & Replacement
Thermal Process Troubleshooting
Custom Environmental Chamber Design

Predictive Maintenance & Repair:

Vibration Analysis & Laser Shaft Alignment
Dynamic Machine Balancing
Meg-Ohm Motor Winding Testing
Compressor Maintenance & Repair
Equipment Start Up / Baseline Establishment
for Pumps, AHU's, Chillers, Conveyors
Electrical Power Monitoring Systems
Infrared Thermography Analysis
Ultra-sonic Gas Leak Detection
Combustion Efficiency Analysis
Back Flow Testing and Certification
Water Treatment
Chiller Maintenance & Rebuilding
