TRIPOD: Photography Tripod

Light Weight Tripod with Photography Head - Sanford RANGERV

The Vista Ranger Tripod shares many of the design features of the Traveller and Explorer tripods, but is higher and stronger to accommodate heavier cameras and taller users. It is rated to support up to 6 lbs. A built-in handle makes for easy carrying, and the center brace increases its stability. 29mm-diameter aluminum 3-section legs; Built-in carrying handle; Bubble level on base; 11" geared centerpost

Light Weight Video Tripod - Bogen 190XB128LP

The Manfrotto 190XB Tripod Legs with 128LP Micro Fluid Head builds on the success and popularity of the 3001 series, and has now been redesigned to offer better ergonomics of the leg-angle release mechanism and improved quick-action leg locks. It is a lightweight, compact and sturdy tripod, ideal for 35mm or digital SLR cameras, light medium format cameras, or compact camcorders, especially when on the move outdoors. The 128LP Micro Fluid Head is perfect for just about any of the new lightweight camcorders. It pans a full 360° smoothly and can be tilted up or down 90°. Has Pan and Tilt locks, a continuously adjustable positioning slot for best camera balance, and is designed so that the handle can be on either the left or right side.
